Lunch

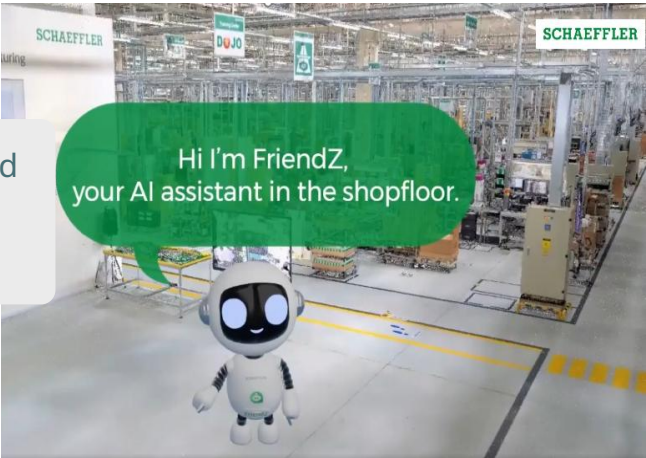

Agenda

- 1 Schaeffler Bien Hoa, Vietnam
- 2 Project & Tasks**
- 3 Country, vacation, impression and leisure time

Project FriendZ

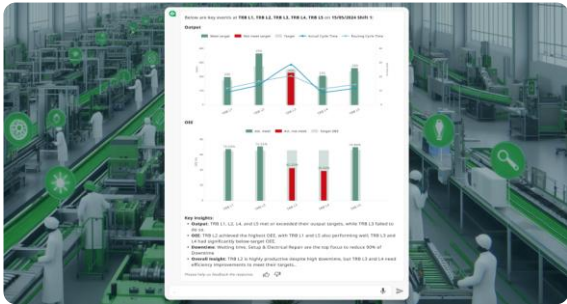

FriendZ is AI assistant for production, developed to extract operational **insights from real-time data** and quickly **troubleshoot issues using historical records**. This optimizes production workflows, enhances team leader's efficiency, and saves time on manual tasks by leveraging our **global knowledge network**.

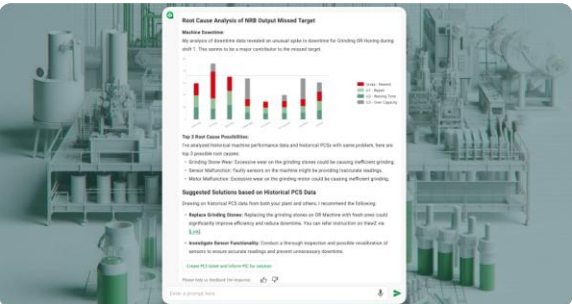

Core features

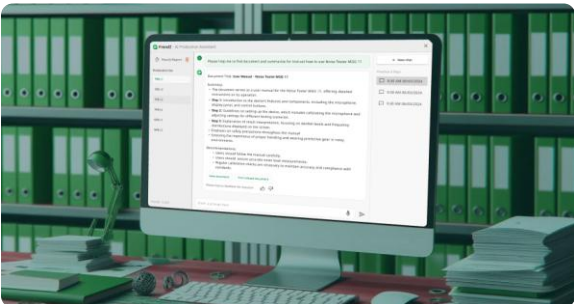

Interpret Production Events

Root-Cause Analysis (PCS)

Search & Summarize Documents

06.10.2026

MY TASKS

Research the fundamentals of agentic retrieval using Azure AI Search

Implement an agentic retrieval for Project FriendZ & run the retrieval on project data

Evaluate the results with RAGAS metrics

Compare agentic retrieval vs. Standard RAG scores

Agenda

- 1 Location Bien Hoa, Vietnam
- 2 Project & Tasks
- 3 Country, vacation, impression and leisure time**

- Drinking beer/Dinner with team after work
- Order drinks especially Bubble Tea to office together
