BTP alert & downtime notification subscription

December 2024

We pioneer motion

BTP Cloud systems notification subscription

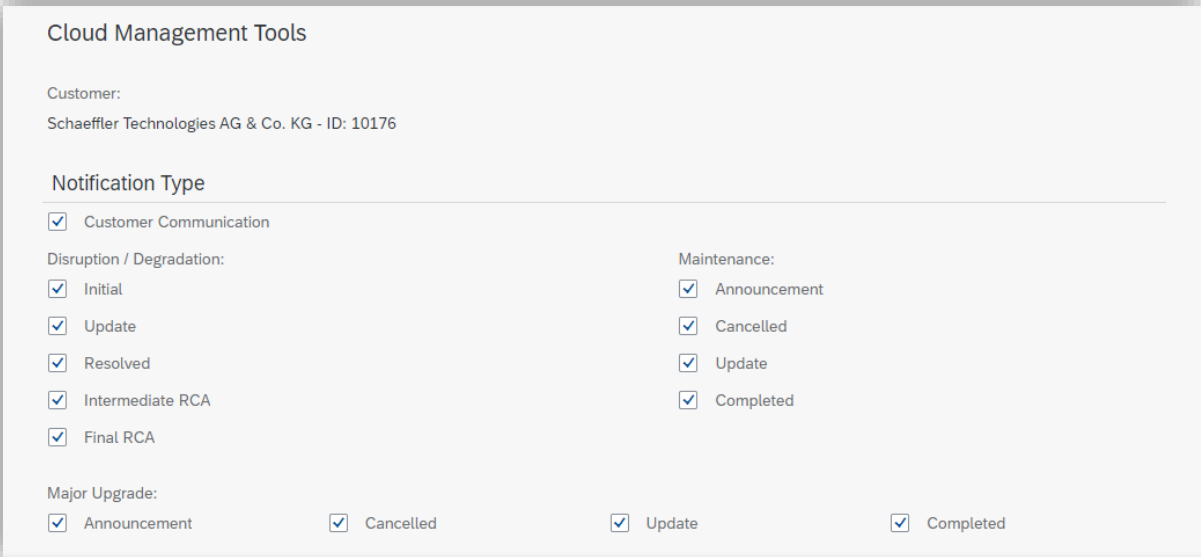

Using this tool, SAP Cloud customers can remain constantly informed and receive timely updates regarding their SAP Cloud Services, including – but not limited to – planned and unplanned downtimes, and customer communication

If you are interested in receiving such information, the following options are available. This is recommended for all BTP application owners and administrators responsible for any BTP service.

Due to implemented authorization concept from SAP, maintenance is centrally managed by SAP Cloud Platform Team. [Contact us](#) with the following Information

- SAP Launchpad User ID
- Cloud Product
- Cloud Service
- Notification type
- If unsure, all questions can be solved in a short call

Link: [Cloud Notification Center](#)
