SAP Business Technology (BTP) downtime / outage information

09/2025

Downtime / status information SAP Business Technology Platform

General Information

SAP Business Technology Platform (SAP BTP) is an enterprise platform-as-a-service (enterprise PaaS) that provides comprehensive application development services and capabilities, which lets you build, extend, and integrate business applications in the cloud.

SAP Business Technology Platform is SAP's innovative cloud development and deployment platform. It is supported by multiple cloud infrastructure providers and enables innovative technologies such as the Internet of Things, machine learning, artificial intelligence, and big data, thereby enabling you to achieve business agility and accelerate digital transformation across your business.
